

**A Leading American Manufacturer of High Quality
Cast Acrylic Tubes and Rods for more than 50 years!**

January 3, 2024

The following information is provided in response to your inquiry regarding the compliance of cast acrylic products manufactured by US Cast, Inc. with respect to RoHS3 Directive EU 2015/863.

Cast acrylic (polymethylmethacrylate) rods and tubes manufactured by US Cast do not fit into the RoHS3 Directive categories. As such RoHS3 Directive EU 2015/863 does not apply.

However, for our customers whose products may be subject to the RoHS3 Directive and include US Cast products in their supply chain, we can provide the following information:

US Cast does not routinely analyze for the restricted substances:

Cadmium (0.01 %)

Lead (0.1 %)

Mercury (0.1 %)

Hexavalent chromium (0.1 %)

Polybrominated biphenyls (PBB) (0.1 %)

Polybrominated diphenyl ethers (PBDE) (0.1 %)

Bis(2-ethylhexyl) phthalate (DEHP) (0.1 %)

Butyl benzyl phthalate (BBP) (0.1 %)

Dibutyl phthalate (DBP) (0.1 %)

Diisobutyl phthalate (DIBP) (0.1 %)

None of these materials is intentionally added to USCast products and should not be reasonably expected to be in the product. Based on Certificates of Analysis from our raw materials suppliers, none of the restricted materials is present up to the limit of 0.01%.

This information can be used for compliance with the regulation listed above without any formal guarantee as the product(s) are not analyzed on a regular basis. However, based on our experience and knowledge, the purity requirements are fulfilled.

If you have further questions about our products, please do not hesitate to contact me.
